THIRTY-NINTH YEAR No. 7

SEVEN VEGETABLES GROW IN GARDEN OF CHAS. Q. THOMPSON NOW

Winter Garden Proves Interesting at Beautifully Kept Place—Many Plants Are Rooted From Cuttings—Apple Tree Produces Fruit and Another Grows From Seed

Seven vegetables from the same garden ready for table use at the present time is the achievement of Charles Q. Thompson who resides on Dunbar avenue on one of the prettiest kept and best developed home sites in this section. Carrots, cabbage, collards, lettuce, challois, onions and parsley are the vegetables now ready for use, and new beets and new carrots are just showing above the ground to form the nucleus of the spring garden. Mr. Thompson cares for his plants and is much interested in gardening and horticulture and the beautifully kept condition of his entire grounds attests to his skill and the success of his growing of plants and shrubs show forth his knowledge of horticulture.

He has lived on this home site seven years and the growth there has been accomplished during that period. He has grown many roses from cuttings, there being over 100 now rooted in the rooting bed, a number of others already transplanted to rows, while he has sold more than 50 from last season's rooting. He averages rooting about two thirds of the cuttings which he places in his rooting beds. Camphor trees in large numbers have been grown from seed, as have arbor vitae plants, many of the latter in pots, and a number of each of these have been sold. More than a dozen azaleas have been rooted from cuttings and are thriving. Cape Jasmynes are also rooted from cuttings.

The flower beds are prettily laid out and are filled with small plants which will blossom in a short time, such as larkspur, phlox, and the Johnny-jump-ups are already blooming. The flower beds are bordered with crisp green lettuce.

About a house grows many blue hydrangeas which through the season are especially lovely, and these have also been grown from cuttings as at others in the back of the yard. Particularly difficult to grow in this section are apples yet Mr. Thompson has two growing, one secured from a nursery several years ago, having produced some dozen apples last fall and the second grown from a seedling now being about four feet tall. This has an interesting bit of history. The late Mrs. Fortune Jaubert received two years ago a crate of especially large apples, one of which she gave Mrs. Thompson. In cutting the apple one of the seed was split open and only two remained. These two Mr. Thompson planted and the one thrived and he is now anxiously awaiting its flowering period.

A number of satsumas and grape fruit trees are growing in the yard and all have fruited. Mr. Thompson does not think that the cold has harmed his citrus trees.

CIVIC EXPERT TO VISIT BAY MARCH 10

Plans are being made for the Chamber of Commerce dinner at The Answer, Monday, March 10, 7 p. m., when Gardner S. Rogers of the Chamber of Commerce of the United States will be guest of the local organization and speak on municipal development and city planning.

WORK ON RICHARD HOME ON NORTH BEACH

Work on the E. V. Richards home on North Beach Boulevard is progressing. This handsome property which Mr. Richards, who is an executive of the Public Theatres, Inc., purchased some time ago from the Saenger Company, is being completely redecorated, painted outside and within and is having extensive changes made especially to the spacious porches both upstairs and down which are being extended 24 inches. The screen will be placed outside the new addition and French windows placed within the screen, thus the width of the porches will not be lessened.

Only Few Days Left To Trim Rose Bushes

According to Peter A. Chopin, florist of New Orleans, only a few more days remain in which it is safe to cut rose bushes. He stated Saturday that last week was the best time to trim them, and that at that time "only ten days remain for cutting rose bushes." He was quoted recently in a New Orleans paper to this effect.

KING'S DAUGHTERS CHARITY WORK IN JANUARY REPORTED

Many Are Given Relief and Furnished With Food and Clothing by Circle

At the February meeting of the Bay St. Louis Circle of King's Daughters and Sons held at the Hotel Weston Monday afternoon, most interesting reports of charity work of the month of January were made. Mrs. O. T. Arnold reported a poor family to Mrs. Nye, and under the direction of Mrs. Nye several members have been engaged in making baby garments for a new arrival in the family, the 11th child. Mrs. Arnold also reported a family was without funds. A family in Dunbar avenue gave them shelter and the circle assisted with funds and clothing. Board and lodging has been also given to 7 others during January. Mrs. W. L. Bourgeois at the Hotel Weston has given much aid to those seeking food.

An active month was reported at the King's Daughters Emergency hospital, there having been one and a half days during the month in which there were no patients there and many of the days there were a number of patients.

Mrs. A. F. Fournier, president, came over from New Orleans to attend the meeting.

LOUIS J. NORMAN GETS APPOINTMENT FROM CENSUS BUREAU

Louis J. Norman, well-known local resident, received a letter this week from census headquarters for this district, at Hattiesburg, announcing his appointment as census enumerator for manufacturers and distributors in Hancock County, and that he would begin the discharge of his duties on Monday.

Mr. Norman will only enumerate in the ranks of distributors and manufacturers and only one person for that work will be appointed for the county. He recently passed the required examination and will go to Hattiesburg today to qualify. "We know of no one better qualified to do this exacting and thorough work."

Regular census enumerators have not as yet been appointed. Their work, it is stated, will begin about April 1st.

COAST REGIONAL TOURNEY AT BAY FEB. 28, MARCH 1.

The Gulf Coast Regional basketball tournament will be staged February 28 and March 1, at the St. Stanislaus College in Bay St. Louis, it was announced by Carl S. Wilson, president of the region. No list of the schools to enter the tourney has been given out but it is not probable that the entire membership of 26 schools will take part in the tournament, it was said.

The tourney was held last year at Biloxi and about 15 schools took part. Biloxi won both the boys and girls championships and will enter the tournament this year with strong teams to play in defense of the two titles.

The list of the schools to take part and the pairings for the first round of play will be announced a few days before February 28, it was said.

R. N. BLAIZE IS GREETED AT ROTARY CLUB AFTER ILLNESS

R. N. Blaize, resident representative for the Superior Oil Company, and featuring Lion Brand gas, was officially greeted by President C. C. McDonald at the club luncheon Wednesday, after being ill for a fortnight or more at his home on South Beach Boulevard. Mr. McDonald stated the regrets of the club on the occasion of one of its members having been so sick and again expressed pleasure at being able to greet him back again after going through the ordeal of the sick room. Mr. Blaize is up and actively out again, attending to business as usual.

SCHOOL OF MISSIONS IS WELL ATTENDED

The School of Missions which Rev. C. C. Clark, pastor, is conducting twice a week at the First Methodist church are being well attended and the interest in the study increases. The school will continue for several weeks.

In conformity with the mission study Rev. Clark preached an interesting sermon Sunday night at the church on the Place of Methodism in Europe and an unusually fine congregation was present to hear this excellent sermon.

RAISE BEACH FRONT

The beach before St. Stanislaus College property has recently been raised several inches with the soil from the excavation of the new building placed here on the beach. A row of posts have been placed parallel with the beach drive and the beach south of the road planted to lawn grass.

OBSERVES NATIONAL BIRTHDAY

Parent-Teachers Association To Entertain State Convention With Tea April 3.

The February meeting of the Central Parent-Teachers Association held Tuesday at the high school was featured by the celebration of the 33rd birthday of the national organization, a program by the pupils of the ninth and tenth grades, the announcement of the approaching county convention and local committees, and announcement of a tea which will be given at the Hotel Weston to the delegates to the state convention.

The association voted to contribute \$15 toward sending delegates from the high school to the High School Press meet at Oxford.

It was decided that the local associations will entertain the state convention at a tea at the Hotel Weston the afternoon of April 3 when the delegates to the convention which meets in Gulfport March 31, April 4, are given a Coast ride. It had been originally planned to have the tea at Pass Christian but upon the request of the Bay St. Louis members the Pass members permitted the tea to be transferred to the Bay. The Bay members offered their cars for assistance in the Coast drive.

The program consisted of three numbers from high school girls, Mary Elba Marshall playing a piano solo and Ruth Ballard and Arizona Tacoma each giving a paper.

Mrs. C. C. McDonald, county chairman, announced local committees for the entertainment of the county convention which is to be held at Bay St. Louis Central school, Saturday, March 8.

At the close of the program the members gathered about the lovely birthday cake which was lighted with 33 candles and as the candles were extinguished and the cake cut each gave a sentence either in tribute to the founders or the national association or concerning the work of the organization. Members of the home economic classes under the direction of the teacher, Miss Rebecca Nelson, served a dainty tea at a perfectly appointed table. This class had also made the birthday cake which was served.

The shrubbery committee reported that work had begun on planting the rest of the plants at the school campus.

OBSERVE LINCOLN'S BIRTHDAY

Bay Rotary Club Has Program Fitting to Occasion; Clem Weston Principal Speaker

Dwelling on his innate modesty, his ability as a "real rail splitter" which won fame and in a measure for the Presidency, and other high spots in this illustrious man's life, Clem W. Weston, of Logtown, spoke before the Bay St. Louis Rotary Club Wednesday noon on the life of Abraham Lincoln sixteen years ago on the occasion of that statesman's 150th birthday.

The program was arranged by both Clem W. Weston and Harold B. Weston, Rotarians, Harold making the introductory remarks and Clem the address for the occasion. It was evident much research was experienced and considerable catia collected, all authenticated and the biographic sketch was given in a manner that was absorbing after each and every sentence unfolded and followed. That Lincoln was great for his modesty and retiring disposition was one of the factors that won him fame and to executive ability was given credit for his success. These and other virtues were brought out, in addition to high spots in history during Lincoln's time. The address was both illuminating and highly interesting. Messrs. Weston were complimented for the program rendered.

W. B. A. MONTHLY MEET

The Woman's Benefit Association held its regular monthly business meeting at the Bay-Waveland Yacht Club Tuesday, at 8 P. M. Regular routine of business and initiation of thirteen new members took place. Mrs. Fay Arguillas, district deputy of Biloxi, and Mrs. Lucille Moore, district president leader of the Coast, were present.

Practice for the pageant, which will be held in Biloxi March 6, took place Tuesday night at the city pavilion at Gulfport and Sunday afternoon all three groups will practice at the Elks Club, in Biloxi.

S. P. DRIVER OF BAY SAINT LOUIS DIES IN TENNESSEE

Came Here In 1885 and Was Resident Up To About Fourteen Years Ago—War Record.

There was deep and sincere regret among all of the older citizens of Bay St. Louis when an announcement was made that Mr. S. P. Driver had passed away at his home in Tennessee.

Few men have ever lived in this community who was more highly esteemed than was Mr. Driver. He came here in 1885 and until about fourteen years ago made his home in this city, and was honored and respected by every one with whom he came in contact. He was a native of Tennessee and at the time of his death was in his eighty-seventh year. In his early life he was a pilot on boats plying the Tennessee, Ohio and Mississippi rivers, and when the Civil War was declared he was among the first to volunteer in Confederate infantry company, and was later transferred to Foreman's Cavalry—that band of soldiers whose bravery and heroic deeds will shine in the pages of Southern history until time shall be no more. All during Forest's campaign, Mr. Driver was ever at the forefront in every battle fought by the intrepid Forest and when peace was declared he was among the remnant of brave cavalymen who surrendered at Gainesville, Alabama in 1865.

The deceased is survived by a daughter, Mrs. W. W. Stockstill and two sons, Mr. Wilbur R. Driver of this city and Mr. Edgar W. Driver of Monticello, Miss. His wife preceded him to the grave some months since.

In compliance with his oft-expressed wish, Mr. Driver's remains were interred in the soil of his beloved Tennessee at the little village of Cherry, in Tipton county, where repose all that is mortal of kindred and friends of his youth. His sons, Messrs Wilbur and Edgar Driver, being apprised of his death, made the journey to Cherry and were present at the funeral.

The Echo extends sincere sympathy to all now mourning the passing of the one who measured up in every way a devoted parent, a true friend and a splendid citizen.

STUDENT SODALITY MEET IN NEW ORLEANS

(New Orleans Times-Picayune) The first convention of Student Sodalities to be held in the South will take place at the Loyola Gymnasium, Saturday, February 15, from 9 a. m. until 4 P. M., under the direction of the Rev. Louis J. Mulry, S. J., it was announced by Jacques Yenni, head of the Loyola Sodality. The convention will be concluded with a mass Sunday, February 16.

Forty-two Catholic high schools and colleges in the states of Louisiana, Mississippi and Alabama have signified their intentions of sending delegates to the convention and some 1500 sodalists are expected, Yenni said, Loyola university will be host to the visiting delegates.

Four subjects will be opened for discussion at the convention. The first, "Sodality," will be opened by a delegate representing St. Stanislaus college, Bay St. Louis; the second subject, "The Student and the Holy Eucharist," by a delegate from Ursuline college, New Orleans; "The Student and the Blessed Virgin Mary," by a delegate from St. Mary of the United States of America, and the fourth, "Catholic Action," by a Spring Hill college representative.

STUDENTS ATTEND STATE PRESS MEET

The Bay St. Louis high school students, Edith Ballard, Edris Vairin and Wm. Dutton Hays, Jr., and the English teacher, Miss Bessie Givens, left Thursday morning for Oxford where they went to attend the organization meeting of the State High School Press Association which will be held at the University high school Friday.

Funds for the trip for the local pupils and teacher were secured as a result of the generosity of the townspeople who responded so graciously at the Tag Day Tuesday and from gifts from the Central P. T. A. and others, thus supplying sufficient money for the trip.

CARD PARTY FOR SAINT MARGARET'S

A Valentine card party will be sponsored by the St. Margaret's Daughters at the Weston Hotel tomorrow (Friday) afternoon, and an invitation is extended the public to attend same. The games start at 2 o'clock and there will be a prize for each table. There is no better way for card players to spend a few hours pleasantly and at the same time aid in a good cause.

BENEFIT PARTY

A benefit card and photo party will be given by St. Margaret's Daughters Friday, February 14, 2 o'clock, at the Hotel Weston. Prizes will be awarded and refreshments served. All interested are cordially invited to attend.

FRIGIDAIRE CONVENTION PRESENTS INTERESTING SERIES DEMONSTRATIONS

George R. Rea, Local Banker, Guest at Memphis Meet—Tells of Convention Which Was Attended by 950—History of Refrigeration Is Fascinating Story.

UNUSUAL JAPONICA BEARS TWO COLORS

An unusual japonica or camelia bush grows in the yard of Mrs. E. J. Leonard of North Beach Boulevard. From this one plant there grows two distinct colors of flowers, one a deep rich rose in tone and the other a variegated white with pink markings. This tree bears several distinct branches from the parent root, each extensive branch carrying one a deep rich rose in tone and the other a variegated white with pink markings. This tree bears several distinct branches from the parent root, each extensive branch carrying one a deep rich rose in tone and the other a variegated white with pink markings. This tree bears several distinct branches from the parent root, each extensive branch carrying one a deep rich rose in tone and the other a variegated white with pink markings.

Several other japonica trees have been noted which are blossoming at this time and are quite lovely. A large tree at the home of Mr. and Mrs. C. A. Breach on North Beach Boulevard is covered with flowers. These are of the single type and red in color and grow on one of the handsomest japonica trees there. An attractive small bush bearing rose colored flowers is flowing in the yard of Mr. and Mrs. Leo Ellsworth Kenney. In this yard another breath of spring is seen in the opening pansies.

BOTH SIDES OF FOOT-LIGHTS DEPICTED IN "CHASING RAINBOWS"

No stage on earth could put on such a show as Metro-Goldwyn-Mayer has brought together in "Chasing Rainbows," a new musical romantic drama at the A. & C. Theater, Tuesday and Wednesday of next week. This gripping picturization of theatrical life takes you behind the foot-lights as well as before them, bringing before your eyes dazzling spectacles of beauty.

Charles King and Bessie Love are brought together again in the feature, which was directed by Charles F. (Chuck) Riesner, who recently filmed the "Hollywood Review of 1929."

In the cast are such favorites as Jack Benny, Marie Dressler, Polly Moran, Gwen Lee, George K. Arthur, Nita Martin, Eddie Phillips and Youcca Troubetzkoy. Sammy Lee, who staged the spectacular dancing ensembles, filmed in technicolor, has created living pictures of pulchritude and color that supply a contrasting background for the drabness of the scenes backstage where joys, sorrows, tragedies and romance are intertwined.

RESIGNS POSITION

W. L. Bourgeois who has been manager of the Jitney-Jungle store here since this chain company purchased the store from Mr. Bourgeois, has resigned his position, terminating his duties there Saturday. He states that he will take two weeks' vacation before making other connections. For the present Miss Ruth McDonald is in charge of the local Jitney-Jungle store.

CHAMBER OF COMMERCE TRANSACTS BUSINESS AT MONTHLY MEETING

Farmers Attend Meet Thursday, February 6 to Discuss Growing Pickles—Plan to Entertain Good Will Tour From Canada—Arrange For Visit of Gardner S. Rogers.

The meeting of the Bay St. Louis Chamber of Commerce Thursday night, February 6, was well attended, there being present more than a dozen farmers from the county who came at the invitation of George R. Rea, president, for the purpose of discussing pickle growing. Arrangements were made for a meeting to be held at Kiln, Thursday night, February 13, when a representative from the American Pickle Company of Wiggins would be present to explain the plan of company for acreage. The matter of entertaining the Good Will Tour from Canada who will be in Bay St. Louis the afternoon of March 2, was referred to the executive committee with authority to make arrangements for Bay St. Louis' part in the Coast visit.

One of the most interesting conventions ever attended, is the report of George R. Rea, president of the Merchants Bank & Trust Company, who was one of the banker guests at the meeting in Memphis February 11 of the Frigidaire company. Headquarters for the meet were at the New Peabody Hotel and the banquet was held there but the general sessions were at the city auditorium.

This convention was characterized as a Frigidaire Regional Sales convention, an A. B. C. convention, these letters standing for Advertising Builds Confidence. It is one of the 13 which the manufacturers of Frigidaire are holding beginning at Atlanta and ending at San Francisco, and is the tenth of the series. A complete stage set for the demonstrations and a number of demonstrators from the factory and laboratory are carried for the meetings which it is said will cost half a million dollars to hold.

A total of 950 were in attendance at the meeting from the districts centered by Knoxville, Louisville, Little Rock, New Orleans and Memphis. J. A. Harlan, general sales manager, was the principal speaker of the convention and his dynamic personality delighted all, Mr. Rea said.

"As a banker I went to the meet to learn of financial conditions," Mr. Rea said, remarking that he learned much of interest in this field. It was stated at the convention that when the stock market disaster came in November that the outlook appeared blue and the company hesitated about holding the sales meetings; that when the meets were started a month ago that the goal set to result from them was a 15 percent increase in business over last year, but that during the past month conditions have so brightened that the goal has been raised to 25 percent increase with every indication of success.

The winners in this sales district were presented to the convention in interesting manner, the New Orleans district group wearing silk pajamas in Mardi Gras colors, the Kentucky group appearing as Kentucky Colonels, etc.

It was announced that the New Orleans district led in sales for the group represented at the Memphis meet and that Mr. Madere of Gulfport, led the New Orleans field.

Particularly interesting were the methods of holding demonstrations for sales and business. The stage appeared to be a pullman car and as the curtain opened the speakers for the meet stepped down and greeted the delegates. On his stage in pantomime were shown a full history of refrigeration given in four periods, the cave man who placed his food in a cave; the old fashioned spring where the milk was kept cool; the ice box or refrigerator where ice must be placed; and finally the multiple Frigidaire in which four separate temperatures may be kept. It was shown that whereas before the ice box period only apples and oranges could be had out of season that now with the Frigidaire it was not unusual to find a dozen varieties of fruit or vegetables out of season kept for family use, this being possible by refrigerating the cars in which the products are shipped and then refrigerating the homes where they can be kept until ready for consumption.

By way of the movietone the president of Frigidaire came to the meet in "a box" and made an address. With this same device pictures were shown and lectures were given on all phases of selling the Frigidaire.

CHAMBER OF COMMERCE TRANSACTS BUSINESS AT MONTHLY MEETING

Farmers Attend Meet Thursday, February 6 to Discuss Growing Pickles—Plan to Entertain Good Will Tour From Canada—Arrange For Visit of Gardner S. Rogers.

The meeting of the Bay St. Louis Chamber of Commerce Thursday night, February 6, was well attended, there being present more than a dozen farmers from the county who came at the invitation of George R. Rea, president, for the purpose of discussing pickle growing. A COMMON COMPLAINT

"From the general tone and tenor of conversation over Gaston county, one gets the impression that what the great mass of people want from their next county commissioners and representatives in the Legislature is lower taxes, both city and county. They do not want to impede progress, but they feel that there are many cases in which taxes might be materially cut. Everybody and everything else is cutting expenses and practicing economy, they argue, and why not city and county government?"

No, the above is not clipped from one of our Mississippi exchanges. It is copied from the Gastonia (N. C.) Gazette, and is another proof that it is not only in Mississippi that people are crying out against the high rates of taxation.

The Echo believes that by economy judiciously exercised in expenditures by the several subdivisions of government there would be no need for the present high rates of taxation, and by a lowering of rates no legitimate public work or project would be hampered.

FOR WHEAT IN MISSISSIPPI.

Hon. Edgar S. Wilson, whose every thought is that of forwarding the best interests of his beloved State and her people, in his "Mirrors of Mississippi" wisely says:

"When the farmers of Mississippi hark back to the days when wheat was raised on every farm in Mississippi, and plant the same in sufficient quantity, flour mills will dot the state, keeping untold hundreds of millions of dollars in Mississippi which now leave the state for flour, and the by-products from such flour mills will furnish cheap and rich feed not only for dairy cows but for hogs and chickens. Mississippi has raised and can raise more than twice as much wheat per acre than the Dakotas and other wheat growing states."

FOR MORE PAYROLLS IN STATE.

Every manufacturing enterprise launched in Mississippi means more payrolls and that is what our State needs. Our State, and the whole South, will never attain the prosperity and wealth that it should boast of until smoke stacks are to be found in every community. The abundance of raw material in all sections is only awaiting the arrival of far-seeing men with capital to invest in the promotion of industrial enterprises. And the day of their certain arrival is not far distant, and then Mississippi and the South "will come into their own."

DO YOU KNOW THESE MEN?

The birthdays of Abraham Lincoln and George Washington, coming close together in this month, suggest the greatness of these eminent Americans, and the thought that The Echo might well recommend the example of their lives to the younger generation of Bay St. Louis.

It is not our intention to attempt any eulogy to their memory. That has been done by better writers, but the youth of this country will make no mistake in familiarizing themselves with the lives of Abraham Lincoln and George Washington.

BEAUTIFY YOUR YARD.

Every year, about this time, there is a resurgence of the idea that Bay St. Louis ought to be more beautiful. There is discussion, elaboration and sometimes, committees, with an occasional splurge of accomplishment.

The Echo would do nothing to interfere with other plans, except to call every reader's attention to the obvious fact that the beautifying of Bay St. Louis is a question of beautifying individual plots. Every freeholder can do much to make his or her premises more attractive, and, without waiting upon committees, let's get busy as individuals, and proceed to do so.

The Echo congratulates its esteemed Pass Christian contemporary, The Tarpon, on the occasion of its celebration of that splendid paper's fourth anniversary. May it live and thrive for many, many, more years.

There is promise of a contest over the municipal primary election held in New Orleans last week, but from observation and the little The Echo has been able to learn T. Semmes Walmsley's nomination for mayor is in no danger of being upset.

"Ye are my friends if ye do whatsoever I command you."—John 15-14.

Mississippi politicians, big and little, live up to good St. John's pronouncement. You are the bully boy with the glass eye as long as you do as they "command," but if you run counter to their wishes you are no longer a friend.

And again the passage of a bill making members of the board of supervisors elective by vote of the whole county is being agitated up in Jackson. Perhaps like what has happened at previous sessions of the legislature the measure will die a boring. The idea of election of supervisors by vote of the whole county is not without merit, as we believe it would insure the selection of the best qualified men for the position of supervisors, which to our mind is the most important office in county government.

OPPORTUNITY WITHIN OUR GRASP. MORE ABOUT TUNG OIL.

"Wisconsin dairy marketing authorities agree that the state is beginning to pay the penalty of shipping a vast number of dairy cattle and putting other states in the dairy business. Production of butter and cheese in the south, particularly in Mississippi, has mounted so that many carloads of southern cheese have been shipped into Wisconsin."

The foregoing is from the Milwaukee Sentinel and it gives our readers some idea of how development of the dairy industry in Mississippi is beginning to worry the dairymen of Wisconsin, a state that for some years past has been the banner State of the Union in the matter of dairy products.

Commenting upon the above from the Milwaukee Sentinel the Meridian Star says that "during 1929, according to figures given by the Sentinel, Wisconsin sold 100,000 head of fine cattle. Sales were 26,000 head more than in 1928. The southern states, according to the figures, have done a lion's share of the buying. The Sentinel concludes its comment with a warning that unless Wisconsin cares to risk its leadership in dairy production it must turn about face on its present policy. Good cows are worth keeping in Wisconsin, in Mississippi, anywhere. Selling the goose that lays the golden eggs may mean temporary profit but permanent loss. In this case, Wisconsin's loss is Mississippi's gain. We have within our grasp the opportunity to make this state of ours the greatest dairying state in the union."

DISGRACEFUL FACTIONALISM.

The political fortunes of no man or set of men is superior to that of Mississippi and the majority of her citizenship, therefore an end should come to the hurtful and disgraceful, factional fighting that has cursed the Senate for the past decade. It has retarded the best interests, growth and prosperity of our great Commonwealth all these years, while neighboring States have gone ahead by leaps and bounds. The Echo knows that there is enough patriotism and brains yet in the State to bring her back to the old moorings and guide her destiny as in the long ago, but such a thing cannot be hoped for, nor expected, so long as the brand of pigmy politicians now in power are at the helm and in control of affairs. It is up to the people themselves to bring about the needed change, and they can do it by no longer listening to the demagogic politicians, who go up and down Mississippi appealing to hate and prejudice, thereby fanning the fires of factionalism. Will they do it? Surely it is the duty of every man and woman in whose breast there remains a spark of patriotism and love for Mississippi to put the stamp of their disapproval on such political claptrap as has been dished out to them by office seekers who have axes to grind.

FACTIONALISM IMPEDING PROGRESS.

If no faster progress is made by our State legislature we may look for the session to last until next cotton picking time. Now in the sixth week of the session nothing in the way of important legislation has been enacted, nor is there any immediate promise of the lawmakers getting down to business. The people of the State are growing both tired and disgusted and it is a safe bet that few in the present membership of either the House or the Senate will ever again be elected to either body, nor should they. There has been a number of instances where meritorious bills have been introduced in both branches of the legislature at the present, as well as at the three preceding sessions, that have been defeated because they did not meet the favor of the administration crowd and vice versa. It is high time that the administrationists and the anti-administrationists forget all about factional politics and go to work to accomplish the job for which they were elected—passage of legislation which has for its purpose the betterment of Mississippi in every way and which will redound to the interest, prosperity and happiness of her citizens.

AGAINST THE FEE SYSTEM

State Senator Miller has introduced a bill to separate the offices of sheriff and tax collector in counties having an assessed valuation of \$10,000,000 or more. The purpose of the bill is to reduce the heavy net incomes now being received by occupants of this dual office in the larger counties, ranging from \$10,000 to \$24,000 per year.

Senator Miller is quoted in the Jackson Daily News as saying:

"We may as well make up our minds to get rid of the fee system in the counties. In fact, this reform, like all other true reforms, should start at home. It is the heavy tax burden in the counties, rather than that imposed by the state, which is causing so much dissatisfaction throughout the commonwealth."

CRIMINAL CARELESSNESS

In a western hospital a surgical operation was performed on a woman on January 26th and on February 4th she died as the result of a towel, 16x26 inches, being left in her body after the operation. A coroner's jury exonerated the doctors who performed the operation, and the attending nurse testified that she did not count the towels as she thought they never were used internally, thereupon the jury recommended prosecution of no one.

It was only a short time since that we read of a similar case, happening in West Virginia, and we have about come to the conclusion that such criminal carelessness upon the part of doctors is inexcusable and they should be prosecuted.

The great strides made in the development of the dairy industry in Mississippi during the last decade is abundant proof that our genial climate, longer season for pasturing and other natural advantages favorable to promotion of the industry, makes Mississippi the most logical section in which success can be attained by those who would engage in that particular business.

Some weeks since The Echo printed several articles concerning the adaptability of this section of the country to the growing of the tung oil tree and expressed our belief that cultivation of the trees would offer land owners an opportunity to engage in a line of industry which would yield splendid returns on every dollar invested in it.

A few days since the Hattiesburg American printed the following letter written by Dr. A. J. Rogers, with regard to the same subject.

"One of the recent surprises to the citizens of Hattiesburg and surrounding country, is the fact that the tung tree in China, source of 90 per cent of their export business, will grow and produce just as well in South Mississippi on our cut-over pine land, as it does in China. We have undisputed evidence of this fact, and on the strength of this evidence, one large organization is at this time completing a program in New York, to start development on 10,000 acres near this city. There should be a half-dozen more such developments started in this district, and could be if the large land owners and men with capital could only see what it would mean to our people and business interests in the near future.

"The tung oil tree comes into bearing the third year, and if cultivated and cared for properly should be producing a large crop by the time they are six to eight years old. One tree at Cairo, Ga., on reasonable estimate, is producing about 250 pounds of unhulled fruit. This tree was set out in 1908 and is a very healthy tree. Four trees at Laurel, now 14 years old, are producing a like amount of fruit each year without cultivation. Fifty such trees to the acre is the average crop. That rate of production at the present price of tung oil would make about \$300 per acre profit. The trees are practically immune from insects and will stand cold down to six degrees above zero. There is enough poison in the foliage to prevent its destruction by livestock. Consequently the tree may be grown on pasture or farm. In China a large portion of the fruit is gathered from the wild woods. It may be done here in course of time. However, the greater profit will come from trees that are cultivated and fertilized as other fruit trees are. The oil from this plant is used for paint, varnish, lacquer, oil wood finishing, etc."

In 1928, China shipped into this country 107,356,971 pounds of this oil, worth approximately \$13,419,028. This amount could be raised in our coast states and that amount of money kept in circulation at home, and furnish labor for many of our people. It would also increase the price of our cutover land, and add one more income crop to what we already have, and be an inducement to the people of the crowded north and east to come South to stay.

"There is now and will be for years to come, a ready market for all the tung oil that this country can produce. The large paint and varnish companies are beginning to grow the tree in Florida, Georgia and will soon be in Mississippi. They will buy all that the farmers may produce, or any tung oil corporation that may go at it on a large scale. Here is our opportunity. Will we use it?"

DR. A. J. ROGERS.

HOW MUCH DID BUS LINES PAY?

In 1929 the taxes of American railroads reached the staggering total of \$420,000,000.

Every township, city, county and state was benefited directly or indirectly by the taxes. Every man, woman and child was directly benefited by the service rendered.

Figures are not available to give the amount of taxes paid by bus lines, but judging from the money spent in Mississippi by these companies, the total sum would be very small in comparison to the vast amount paid by the railway companies.

There is no doubt that the bus lines cost the state far more than it gets out of them. The enormous sums spent for highway maintenance, a large part of which is made necessary by the damage done by the heavy trucks used by the bus lines, must be borne by the taxpayers, you and I, and the railway companies. The busses are not paying their fair share of the taxes. They are making you, Mr. Taxpayer, carry on their business for them. We wish some good angel would come along right now and pay your taxes and then let us have any building in town we might select free of rent from now on, for that is practically what we are giving the bus lines—they have the best highways in the state practically free.—Exchange.

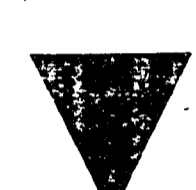

The closing down of two large sawmills, one at Kiln and the other at Lumberton, within the next few weeks is sad news to this section of Mississippi, as it brings about a condition that will affect a large number of people who have heretofore depended entirely upon the employment in these industries for the sustenance of themselves and families. Those of them who have acquired a home will probably remain for a time, but as only a very few have acquired any land for farming, they will also be forced to seek employment elsewhere. With the eradication of the Texas fever tick from South Mississippi, dairying can and may be developed to a high rate of profit. If the owners of the large tracts of cut-over pine land would engage in this industry at once the sad condition in which so many of their employees are now placed could be changed into one of prosperity and profit. It is our opinion, formed on the basis of the experience of northern and middle Mississippi, that the southern section of the state offers many more advantages for this ever-growing industry than any other section of the Union. The mild climate, abundance of pure artesian water, long grazing period and proximity to market are only a few of the advantages this section offers the dairy industry.—Pass Christian Tarpon.

**"BAY" SHOULD HAVE
PUBLIC PIER**

Pass Christian has a municipal pier for bathing and recreation, built and maintained for Pass Christian citizens and all visitors who may choose to use it, and we see that work has begun on a public pier at Pascagoula, the same to be completed at an early date. All of which leads The Echo to inquire why Bay St. Louis is lagging behind in the matter of providing such a pier and recreation place. Have our progressive city commissioners not given the matter attention? Do they not think it would prove an asset and be to the advantage of the city—our home folks—and afford pleasure to the hundreds of visitors who come here during the summer season? Often have visitors come to "the Bay" on excursions for a day's visit and been deprived of the pleasure of a bath simply because there was no public wharf or pier where they could go and bathe and otherwise enjoy themselves.

"PAY AS YOU GO" PLAN

The Stansel highway bill, which provides a "pay as you go" plan for financing the work of giving the State a system of hard-surfaced roads, is in our opinion, a splendid measure and after its almost unanimous passage by the lower house it should meet with no serious opposition in the upper chamber. Governor Bilbo has from the first day of his present term of office wielded enough influence over a majority of the members of the senate to have them support the measures he favored but The Echo does not believe that they will stand by him, in his opposition to the final passage of the Stansel bill.

CHAMBER OF HORRORS

"Weighed and found wanting:" Rush Knox, attorney general; Cecil Inman, chairman tax commission; Bura Hilburn, school supervisor and director; W. D. Robbins, chairman highway commission—and others in equally responsible positions whose wrong-doing is being investigated. Now don't they furnish an "honor (?) roll" sufficient to make all honest and patriotic Mississippians hang their heads in shame?

If It Can Be Sold—I Can Sell It

AWAKE TO YOUR OPPORTUNITY: The grading will soon be started on de Montuzan Avenue.

And there never was a time when the local people had such an opportunity to profit by a development, this is the heart of Bay St. Louis, there is but a few lots to sell and they will sell quickly.

With this 60-foot Boulevard, with restrictions, it bids fair to be the commercial center of the town.

Buy now while prices are low and terms can be had, buy for a home, investment or speculation.

I will start my drive early to rent summer houses. Get yours in readiness and list for rent or sale with—

RAILROADS evidence their faith in fundamental soundness of the Country by record-breaking investments in equipment and other improvements.

Again, the great steam transportation lines of this country have come to the front with buying orders for added equipment and bettered service. Again, thousands of workers and hundreds of industries have profited, and will continue to profit, by the investment on the part of American railroads in continuing to improve the freight and passenger service of the world's finest transportation system.

The "Railway Age" furnishes figures to show that, during 1929, orders for new equipment were the largest in the past five years, and, based on information furnished by the great trunk lines having one-half of the mileage of the entire country and doing more than one-half of the business, this magazine estimates that the total expenditures of the railroads for new equipment and other improvements during the year just started will aggregate \$1,050,000,000, or 25% more than during the year 1929.

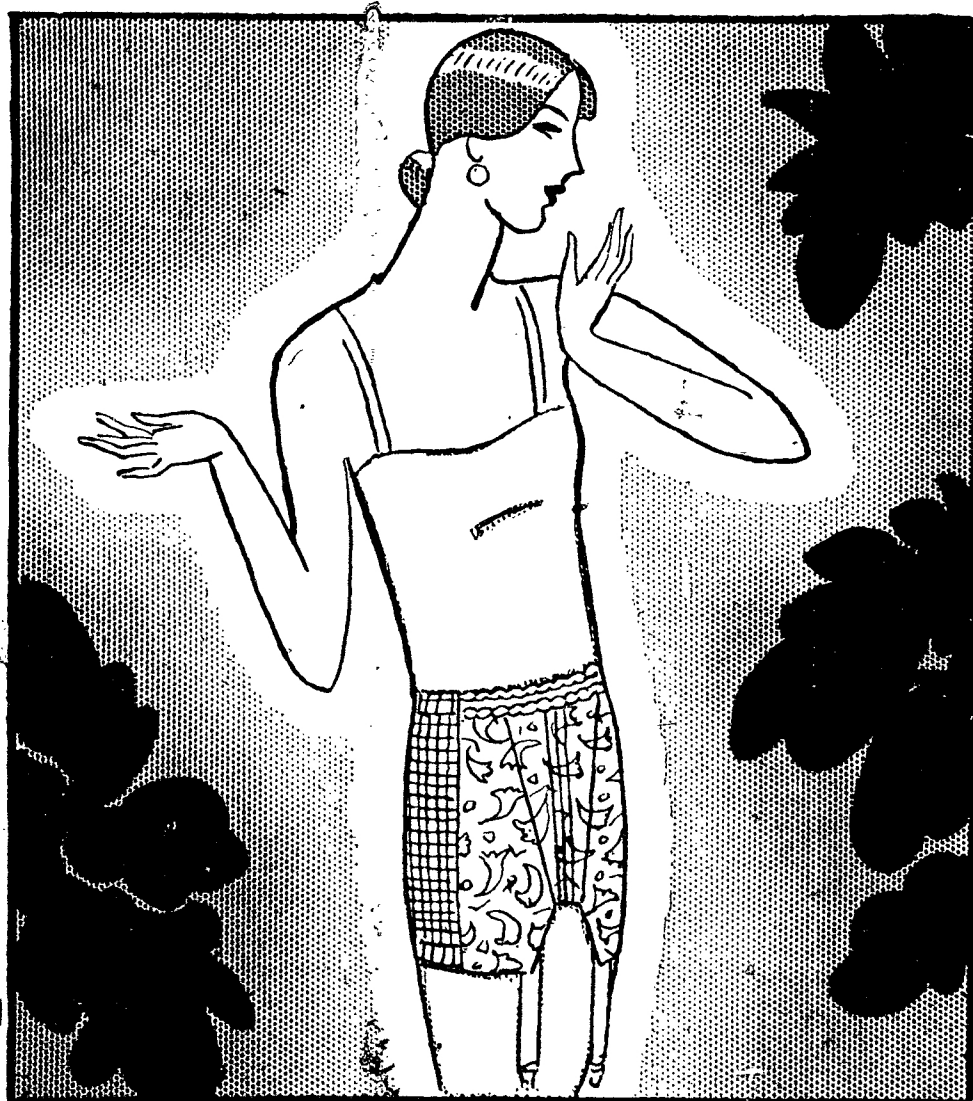

Taking into consideration the fact that a large part of the orders placed in 1929 have not yet been filled and will, therefore, afford business to manufacturers in the early months of the current year, this presages and assures a substantial contribution to the fundamental soundness of this country.

The magnitude and economic value of this billion dollar program is emphasized when we consider the capital expenditures of the United States railroads have averaged over \$750,000,000 yearly since 1922, and these funds have been invested notwithstanding the fact that at no time during such period have the railroads as a whole earned an adequate return on such investments, as permitted by law.

Readers of this newspaper should digest and appreciate these facts and show their appreciation by patronizing the steam railroads of America for both freight and passenger service. Travel by train—ship by train—leave the automobile at home for the family.

DOESN'T TIME FLY?

LOCAL HAPPENINGS CHRONICLED IN THE SEA COAST ECHO

TWENTY YEARS AGO

Mrs. Rene de Montluzin's many friends will gladly learn of her recovery from a week's illness.

Mrs. L. M. Gex and dainty little Miss Vivian Ducatel spent Wednesday visiting friends at Pass Christian.

Mrs. Chas. Benjamin, Mrs. Martha Washington and Miss Lottie Cuneo left New Orleans this morning for Panama, which place they will reach after a five-day voyage. They have the best wishes of many friends for a safe and pleasant trip.

Jefferson Smelker, brother-in-law of Mayor G. G. Gardebled, and a cabinet maker and builder by trade, dropped dead this afternoon from heart failure while engaged at work at a work-bench in his yard. Mr. Smelker was about 45 years of age; a native of Greenville, Ohio. Some 16 years or more ago he was married in this city to Miss Florence Gardebled, to which union several children were born.

Miss Elise Muller returned to her home in New Orleans last evening after a ten-day visit to her relatives in Carroll avenue.

Mr. August Quintini spent yesterday at Mobile, where he was called on matters connected with his business.

The return of Mr. R. R. Perkins, president of the Merchants Bank and also president of the Imperial Naval Stores Company, from New Orleans is gladly noted. Mr. Perkins has been ill for the past three months and underwent the ordeal of an operation.

Hon. Gus E. Temple, capitalist and planter of Napoleonville, La., returned to his home last evening after a stay here of several weeks, looking after the interest of his local real estate. Mr. Temple has numerous friends and acquaintances here and is a general favorite.

Mrs. Mary Carrington Endel, of Palestine, Texas, is spending a while here, the guest of Mrs. R. Cameron.

Friends of Hon. F. C. Bordages, Sr., will gladly learn of his recovery from a spell of illness, and it will also be interesting to learn of the recovery of his little daughter Lucy from a most serious illness.

The Methodist parsonage has been entirely remodeled and enlarged for the early occupancy of Rev. Dr. Cottrell, who is temporarily occupying the home of Congressman E. J. Bowers. The parsonage has not only been considerably enhanced in value, but its spaciousness and appointments have been largely ameliorated.

Mr. H. de S. Gillum, well known and progressive merchant, has been on the sick list all week, preventing him from attending to his business. He is now better and, it is hoped, free from a recurrence of his illness.

Mrs. Adam Lorch and daughters, Misses Carrie and Irma, came out from New Orleans Thursday to spend the Easter holidays at their beautiful summer home on the bay avenue.

Roy Baxter, of Logtown, and Miss Gladys Wichard, of Weston, this county, were married Wednesday evening at the residence of Rev. Moore of the Methodist church, Logtown. Mr. Baxter is a well known gentleman, in the employ of the H. Weston Lumber Company. Immediately after the ceremony the couple left for a trip to Memphis, Tenn., leaving by way of New Orleans.

TEN YEARS AGO

Mrs. G. Maurigi, who has been desperately ill with pneumonia, has recovered from her illness and is up and about again.

Mr. Myrick Ansley, Jr., left last week for St. Louis, Mo., where he will take a position with the Stewart Construction Company, and be with his father Mr. M. E. Ansley.

Miss Mary Ellen Ansley arrived home Thursday after a most delightful visit to Judge and Mrs. S. Allen Borden and daughters at their hospitable home at Marksville, La.

Mr. Emmett J. Kergosien, efficient assistant in the county clerk's office, spent Wednesday in New Orleans, enjoying a well deserved relaxation from his multitudinous and exacting duties.

Sheriff E. Van Whitfield has been on the sick list this week, and at one time dangerously ill. However, The Echo is glad to state he is much improved at this writing and pronounced out of danger, which will be good news to the many friends of this efficient official and ideal citizen.

Mr. R. Solomon is one of the champion sea island cotton growers of Bay St. Louis. He recently shipped his cotton to Savannah, Ga., where he received 90 cents per pound for it. His shipment netted 405 pounds and at 90 cents he received a check for \$364.50.

H. K. Sinclair, well known engineer in the local division of the Louisville & Nashville R.R., is dead. He passed away at the family home in Railroad avenue near Second St., at about 8 o'clock Tuesday night, after a stroke received eight or ten days previously. The sympathy of the community is with the bereaved ones, who have lost one who was loving and dutiful to his loved ones.

WORK AND PLAY AT S. J. A.

"On To The Convention."

Final arrangements for the convention are now under way. The twenty delegates from S. J. A. will most probably leave for New Orleans Friday afternoon at three forty.

The convention opens at 9:00 A. M. sharp at the Loyola Gymnasium. The call to this all-Southern conference of Children of Mary was answered with unparalleled alacrity and Father Mulry's last letter stated that more than 1500 boys and girls representing various Sodality scattered throughout the South will meet Saturday to exchange ideas and discuss in the fresh vigorous languages of youth matters pertaining to the betterment of the Sodality in general and paricularly.

S. J. A. wishes good luck to her delegates and hopes great things from their trip to New Orleans which he feels is bound to result in much good for the Sodality here.

Jays Defeat Mater Dolorosa.

The Jays won another victory Sunday when they defeated the Mater Dolorosa team from New Orleans by a score of 37 to 23. The game was a fast one all the way through. At first it looked as though the Gold Jays were going to have a hard fight to win, Mater Dolorosa having scored the first field goal, but it wasn't long before the Jays took the lead which they kept till the end of the game.

The Jays are scheduled to play two games in New Orleans this week end, one with the Holy Angels and the other with Mt. Carmel. It is possible that they will play a third game with Mater Dolorosa, but the final arrangements for this game have not yet been made.

We hope that the Gold Jays will be as victorious in New Orleans as they have been thus far this season at the Bay. Good luck to you Gold Jays. Fight! Fight! Fight!

Class '30.

"I'm just as happy, as happy can be to be a member of Class Thirty, so if you'll tune in on our radios, I'll let you in on a few of our echoes."

First you'll meet in the ranks of our Class, Vivian, our sweeter than sweet little lass. She makes everything a pleasure on earth, Her reward in the next will be of great worth.

Edith a girl of love, laughter and song. Wedding bells—Well it won't be long. Tho' books and boys aren't counted in her grades. She studies hard and still thinks of Slade.

Next Dot Daniels falls in line. In History she is bound to shine. For short just call her Andy. Meet her, folks! She is a dandy.

Emmy hails from Laurel. And therefore is a marvel. In the future her I see. Mistress of a cottage by the sea.

Fifth is Lucia our Spanish dame. Whose picture will hang in the hall of fame. Without her we just couldn't be. That famous class of Thirty.

Then dear readers of course you've heard. The moral and tale of the early bird. Ours is Dot Hubbard so sweet and small. She comes very early of not at all.

Seventh is smiling Irish eyes Loretta. A better scholar than whom you couldn't find better. Soon, Oh very soon she'll be. The nun of our class Thirty.

Ruth where the beauty of our class lies. Has in store for us a big surprise. The time is in the future but not very far. She'll stroll to Hollywood and become a famous star.

Now comes Gertrude to greet you folks. She's just another good old sport. Watch and some day she'll win fame. Just as Lindy did with his big plane.

Mary Elizabeth our happy go lucky. Participates in all activities just so. She has a heart as good as gold. Her reward some day will be three-fold.

Tho' her name is that of a senorita. A true American is our Juanita. She is just what you or I would say. A lovely girl with a happy-go-lucky way.

Last and least is nobody but me. Who makes number twelve for Class Thirty. Now that another station wants to have the air. I'll sign off for today—Now isn't that fair? A. M. B.

Could Stanislaus Tell Us Why—Edith missed the game Sunday? Daniels was so disappointed? Elisabeth went to Bogalusa?

and whose passing away removes one from the every day sphere of life will leave an aching void.

After fighting the case to a finish, E. J. Bowers, prominent cotton attorney, lost his suit for \$20,000 for attorney's fees against Mrs. J. T. Jones, of Gulfport, which was heard in vacation in that city Saturday before Judge Denny.

Josef Parillo, fondly known hereabouts and endearingly called "Little Bit" in baseball circles, whose exhibitions of ball playing from the time of his college days to the present, has attracted interest and won his team the game many times, after a trip out by Manager Frank Altman, has signed a contract to play professional ball this summer.

MISSISSIPPIANS in every walk of life—thirty-five hundred of them—are owners of the Preferred Stock of Mississippi Power Company and firm believers in the Company's future. There is safety in numbers. Thousands of people can't be wrong about the same subject.

Among our stockholders are bankers, brokers, capitalists and other conservative business men, trained to recognize sound investments and quick to grasp investment opportunities. One such investor would be hard to fool—hundreds of them can't be mistaken.

Here are some of the things on which these stockholders based their opinions: a company supplying a necessary commodity, a developing territory, a conservative policy of expansion, uninterrupted quarterly dividends and a gradual increase in the price of the stock. These are the things of which sound investments are made.

**Thin, Pale,
Weak**

"I HAD been through a bad spell of sickness with left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va. "I was pale and felt lifeless, and my strength did not return."

"I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have bad headaches, which would hurt me until I could hardly see."

"Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

DELINQUENT TAX SALE FOR THE CITY OF BAY ST. LOUIS, MISSISSIPPI

NOTICE

Notice is hereby given that I will on MONDAY, MARCH 3RD, 1930, at the Front Door of the City Hall at legal hours, sell at Public Outcry to the highest bidder for cash the following Described Lands delinquent for City, School, Sinking Bond, Water Works and Special Improvement Taxes due thereon for the year 1929 or so much thereof as will satisfy said Taxes and all cost, to-wit:

Owners Name	No. of Lots	No. of Ward	City Tax	School Tax	Sinking Bond Tax	Water Works Tax	Special Improvement Tax	Costs	Advertising and Selling	Printer's Fee	TOTAL

Little Echoes

Few wives think that they married the best available man.

Many a Hollywood star found out that she could not talk.

Incidentally, next Sunday will be a good day to go to church.

Merchants of reliable character have an additional asset when they advertise.

Well, boys, girls will soon be girls again, if the styles insist upon coming down.

Some of the news that you read in the newspapers isn't news; it's propaganda.

It is about time for somebody to announce his plans to fly across the Atlantic ocean.

A man's face may not be his fortune but some men acquire a fortune on their faces.

No communication, unsigned, has any chance of being printed in The Echo.

Correct this sentence: "It is a fine proposition, but I haven't got the money just at this time."

Some folks think it is smart to take a verbal slap at the church; they don't know what it is all about.

Spring is not far away, and it is now time to begin to beautify your part of Bay St. Louis.

No matter how important you are, in your own opinion, there are many people who think less of you.

So far, the new president of Mexico has only been fired at six times. His inaugural day was a close shave for Rubio.

Most people think that it is easy to sell anything; they have never tried to get a prospect put his name on the dotted line.

There is no method of accurately forecasting the future, but the past, if studied, will give you more than a haphazard lead.

Farmers will now gamble with a nature in order that the stock market gamblers will have some basis upon which to gamble.

Puzzled Reader: You can pay your subscription any day this month; we have no scruples about taking it in advance.

If you are inclined to be too enthusiastic over the naval parley just remember that nations fought wars before navies were so expensive.

Bay St. Louis deserves the loyalty of all its citizens; when a community

BISHOP R. E. JONES
HEAD OF "GULFSIDE,"
IS LAUDED FOR WORKReceives Harmon Award for
Meritorious Services—Tri-
bute Paid Bishop for
Public Effort

A fitting tribute was paid to Bishop of Robert E. Jones, at a program Sunday, when he was presented with the Harmon award for his meritorious services to parishioners in his community. The Harmon award is made through the Federal Council of Churches of Christ in America and is considered the first of seven awards to negroes for their services in religion, education, art and music. Presentation of the award was made by Bradley Buell of the Community Chest. Dr. G. W. Lucas was master of ceremonies.

Speakers lauded the work of Bishop Jones in his drive towards obtaining the Gulfside Home for negroes at Waveland, the purchase of ground for the Flint-Goodrich hospital and efforts put forth in engineering the movement which led to the building of a new negro Y. M. C. A. The speakers included Dr. James H. Hillard, of the Jeanes-Slater and general education boards; Dr. J. B. Peters, pastor of the First Methodist Episcopal Church, South; Professor A. E. Perkins, Dean A. B. Hayes, Miss Fannie C. Williams, Dr. A. W. Brazier, Dr. C. H. D. Bowers and the Rev. A. Hubbs.

Dr. A. C. Yerwood delivered the invocation and music for the program was furnished by the Tulane choir and Mrs. Alma Hubbard. "It seems to me," said Mr. Buell in his presentation address, "that among those innate and inherent characteristics by which we honor and respect the colored race, the talent of religious expression and leadership is the greatest of them all; and in honoring the man for his distinguished service in that field we are, I think, paying national tribute in the greatest of the fields which the seven awards cover."

project is underway it is the duty of everybody to lend a hand.

Seed catalogs, about this time of year, convince nearly every citizen of Hancock County that he could have a wonderful vegetable garden.

Don't worry too much about the starving Chinese and the struggling Russian peasants; there are matters enough for your attention in Mississippi.

Automobile speeding is not altogether unknown in Hancock County. Unless it is closely checked we will be furnishing our share of the dead.

Bay St. Louis merchants ask Bay St. Louis people to patronize them. The majority of them advertise in order to let customers know what they have for sale.

ST. STANISLAUS
DAY SCHOOL

January Roll of Honor and Examinations.

William Bourgeois 95.2 per cent; Raymond Johnston 93.8 per cent; Mevin Johnston 91.5 per cent; James Redding 90 per cent; August Vassal 86.5 per cent; Theodore Heitzman 81.2 per cent; James Henry 83.2 per cent; Owen Heitzman 90 per cent; Quintini 80 per cent; Warren Tomasich, 80 per cent; Eugene Manieri 80 per cent; Alvin Weidner, 93.1 per cent; Edward Weidner 92 per cent.

Examination.

Theodore Thomas 85 per cent; Sheldon Manieri 80 per cent; Lawrence Ellis 80 per cent; Lawrence Payard 80 per cent; Arnold Manieri, 80 per cent; Mark Oliver 80 per cent; Domonic Choina 75 per cent; Theodore Duraynaud 75 per cent; James Ward 85 per cent; Henry Tomasich 84 per cent; Benny Starita 79 per cent; Byron Luc 79 per cent; Eldon Johnston 78 per cent; Fred Choina 85 per cent; Oscar Tomasich 80 per cent; Lawrence Starita 78 per cent.

Application.

William Bourgeois, Raymond Johnston, Theodore Heitzman, Melvin Johnston, James Henry, Owen Heitzman, Alvin Weidner, Edward Weidner, Eugene Manieri, Theo Thomas, Henry Tomasich, Ben Starita and Mark Oliver.

TAFT RETIRES; HUGHES
APPOINTED.

The only man in the history of the United States to have been at different times the head of its executive and judicial departments, William Howard Taft, a few days ago resigned as Chief Justice of the United States Supreme Court.

Mr. Taft has been a distinguished public servant, having occupied eminent positions for nearly thirty years. He served as Secretary of War in Roosevelt's administration, was President for four years preceding the election of Woodrow Wilson, and for the past eight or nine years has been at the head of the judicial department. Mr. Taft is a man who made many friends and created very little bitterness in his various contacts.

When the Taft resignation was handed into President Hoover the latter lost no time in nominating as his successor Mr. Charles E. Hughes, who has already seen active service on the Supreme bench as an Associate Justice. President Hoover probably moved quickly to avoid the embarrassment of having the friends of various men urge their appointment.

At any rate, the public will generally agree that Mr. Hughes possesses the necessary ability and character to fit him for his high position. It is understood that Mr. Hughes will resign as one of the World Court judges to avoid any possible complications.

NO USE TO COMPLAIN

It is not going to do the people of this state any good to merely complain of onerous tax burdens. It is going to take affirmative and vigorous action to get relief.

Nor is it going to do any good merely to cry out against men in the public service.

These public officials were elected by the people of this state and a great many of them are doing, not only what the law exacts of them, but also what they promised the people they would before they were voted into office. We think some of them at least are too eager for the emoluments of office and we think too, some of them are too much inclined to give the state the benefit of the doubt when the law is doubtful.

Nobody seems to be inclined to give the taxpayers the benefit of the doubt in any case.

But we can get rid of these things if we make up our minds to take an intelligent interest in public affairs, which means that we must assume an unselfish interest and attitude toward public affairs.

Too many of us are inclined to vote for personal friends on election day without any regard to the fitness of our friends to hold public office, or we will vote for some fellow merely because some friend asks us to do it; or we may vote for some man because he has promised to do some one thing we think ought to be done because we may have some direct or indirect personal interest in it, and without giving any very serious thought to the general fitness of the

OLD BRANDAO

Bay St. Louis fire department was called out Monday afternoon to extinguish a fire that destroyed the building in Bay View court formerly located on the beach front and for years known as the Brandao dwelling. The house was unoccupied, but housed many books, papers and other interesting and valuable belongings, including pieces of antique furniture, all belonging to the Brandao estate.

A fire in the yard during the earlier part of the day had been started but while this was far away from the building it is surmised sparks set fire to high weeds surrounding the building. Miss Edna Brandao, a daughter, had come out from New Orleans and visited the place during the day. No insurance was carried. No definite value could be placed on the dwelling house as it was an extremely old structure.

We most certainly have our share of these evils in Mississippi and we are to blame for their existence in this state.

There is but one way to get rid of them. The people must go to the line and show a more unselfish and more intelligent interest in their own affairs. There is no other problem of more vital concern to us, for we live in a democracy, where the people rule, when they want to rule.—Natchez Democrat.

ACREAGE REDUCTION
(?) AGAIN

The price of cotton has been going down for the past two or three months due to the tremendous 1929 crop—and reduction in acreage for this year's crop is again being agitated by farmers' organizations, but nothing will come of it. A planter here and there may cut the number of acres he will plant but just across the creek his neighbor will put in double the acreage cultivated the preceding year. And so it goes!

There's a whole lot of folks who do not think it is wrong to steal or commit any crime less than murder as long as they are not caught. It's funny, isn't it?

OLD BRANDAO
DWELLING BURNS

Bay St. Louis fire department was called out Monday afternoon to extinguish a fire that destroyed the building in Bay View court formerly located on the beach front and for years known as the Brandao dwelling. The house was unoccupied, but housed many books, papers and other interesting and valuable belongings, including pieces of antique furniture, all belonging to the Brandao estate.

A fire in the yard during the earlier part of the day had been started but while this was far away from the building it is surmised sparks set fire to high weeds surrounding the building. Miss Edna Brandao, a daughter, had come out from New Orleans and visited the place during the day. No insurance was carried. No definite value could be placed on the dwelling house as it was an extremely old structure.

WHILE THE "GOING" IS
GOOD

It would be good sense on the part of the seven remaining members of the State highway commission if they tendered their resignations. Enough proof has already been dug up by the committee investigating the commission's acts to show that it is inefficient and not worthy of longer functioning as an official body. As the Jackson News remarked a few days since all the commissioners should get out "while the getting is good."

How Ford Methods Cut Cost of Distribution

**Lower profits in selling save you at least
\$50 to \$75 in addition to the many
savings in manufacturing**

TWENTY-SEVEN years ago the Ford Motor Company was formed to provide reliable, economical transportation for all the people. That original purpose has never changed. The constant effort in every activity is to find ways to give you greater and greater value without extra cost—frequently at lowered cost. This applies to distribution and similar important factors, as well as manufacture.

For the Ford Motor Company believes that its full duty is not only to make a good automobile at the lowest possible price, but to see that there is no waste, extravagance, or undue profit in any transaction from the time the car leaves the factory until it is delivered to your home. It is obvious that hard-won savings in production will be of little value if they are sacrificed later through excessive selling costs.

EVERY purchaser of a motor car has the right to know how much of the money he pays is for the car itself and how much is taken up by dealer charges. If these charges are too high, one of two things must happen. Either the price of the car must be raised or the quality lowered. There is no other way. The money must come from somewhere.

In the case of the Ford, the low charges for distribution, selling, financing and accessories mean a direct saving of at least \$50 to \$75 to every purchaser in addition to the still greater savings made possible by economies in manufacturing. Ford charges are not marked up or increased to cover a high trade-in allowance on a used car.

The profit margin on the Ford car has always

been fair to both the dealer and the public. Within the past three months, it has been possible to effect still further economies. Today, the discount or commission of the Ford dealer is the lowest of any automobile dealer. The difference, ranging from 25% to nearly 50%, comes right off the price you pay for the car.

THE business of the Ford dealer is good because he makes a small profit on a large number of sales instead of a large profit on fewer sales. He knows, too, that the extra dollar-for-dollar value of the car makes it easier to sell and more certain to give satisfactory service after purchase.

Consider also that the Ford car is delivered to the purchaser equipped with a Triplex shatter-proof glass windshield, an extra steel-spoke wheel, and bright, enduring Rustless Steel for many exterior metal parts, in addition to four Houdaille double-acting hydraulic shock absorbers and fully enclosed four-wheel brakes.

If for any reason you wish to buy certain small accessories, you will find that these, too, are sold at the usual Ford low prices. Replacement parts are also available at low prices through Ford dealers in every section of the country.

THESE are important points to remember in considering the purchase of a motor car. They show why it is possible to put so much extra quality into the new

Ford and still maintain the low price. They are also the reasons why more than 35% of all cars sold today are Model A Fords.

CITY ECHOES.

—R. Terrell Perkins, real estate agent of New Orleans and Bay St. Louis, spent the last few days here on business.

—Dr. and Mrs. S. E. Field of Centerville, Miss., motored to our city for the week end visiting friends and relatives.

—Valentine Day, Feb. 14th, we have WHITMAN'S CANDY at the ATLAS DRUG STORE.

—Friends and acquaintances of Mr. Frank B. Jaden were pleased to learn that he is convalescent after a slight attack of pneumonia.

—Work of remodeling the front of the Schiro home to Main Street is under way and when completed will add much to its attractiveness.

—A pint of which, Hazel, Ever-ready razor with 2 blades and 50c tube of Ever-ready shaving cream all for 60c at THE ATLAS DRUG STORE.

—Mr. George R. Rea returned home Wednesday from a business trip to Memphis, Tenn., and reports business in the Bluff City active and the outlook encouraging.

—Mrs. M. V. Gex and daughter, Miss V. Gex, went down to New Orleans Saturday for a visit of indefinite duration, visiting at the home of relatives, Mr. and Mrs. S. W. Prague.

—L. B. Capdepon, former resident representative for the Singer Sewing Machine Company for many years in Hancock county, has moved back to Bay St. Louis from Gulfport and will resume his former work, succeeding L. J. Norman, recently resigned.

—Eric Leche and brother, Horace Leche, Jr., left Wednesday by motor for St. Louis. Horace Leche expects to be away about two weeks. Eric Leche, an aviator who is a salesman for airplanes, has been in the Bay for two weeks visiting his mother, Mrs. H. A. Leche.

—Wizard Sheep Manure (100 lb.) sack equals a whole wagon load of barn yard manure) should now be placed around your shrubbery, in your flower beds and your flower pots. You can purchase this at the Atlas Drug Store from 2 lb. packages to 100 lb. packages. We also sell VIGORO which is a highly concentrated chemical fertilizer.

—Mr. H. A. Perre has been confined to his bed during the last few days, being the victim of an attack of jaundice and other complications, though at this writing his condition is much improved.

—Mrs. Vincent Piaz, left recently for Chicago where she is spending a month visiting her husband who is holding a splendid position in that city, but anticipates being transferred South in the immediate future.

—Mr. Pasquale Piazza was operated on for appendicitis at the King's Daughters Hospital in Gulfport, a few days since and at last reports was getting along nicely and his early return home is anticipated. Dr. H. S. Lewis performed the operation.

NEWS HANCOCK COUNTY.

ALPHONSE SELLIER CELEBRATES SEVENTY-THIRD BIRTHDAY

Mr. Alphonse Sellier of Delisle, celebrated his 73rd birthday Saturday of last week.

A chicken spaghetti supper was served at the home of his son, Roman, at Delisle. The spacious dining room was beautifully arranged for the occasion. The table was set for fifty guests. A huge cake with 73 candles was placed in the center.

Mr. Sellier, the father of 11 children, ten boys, nine living, Ralph, Seymour, Elder, William, Stephen, Lorin, Nichol, Leon and Roman and one daughter, Mrs. Louis Dubuisson of Pineville, all of whom were present. Twenty-four grandchildren, Lora Lee, Charles, Edward, Hugh, Wilbur, Vesta, Earl, Gertrude, Archie, Herman, Noel, Mrs. Stanley Bentz, Woodford, Dorothy, William, Jr., Iris, Lee Nell, Irene, Viola, Agnes, Anna, Hazel, Morris, Louis, Monroe and Leroy. Two great-grandchildren Raymond and Stanley Bentz, Jr.

After supper a number of friends called to extend their congratulations and best wishes. Later in the evening the room was cleared for dancing. The music was furnished by Messrs Alphonse Sellier and Victor Moran playing violins, accompanied by Seymour Sellier and Napoleon Netto with guitars. Many of the old dances were enjoyed, thus bringing back pleasant memories of long ago.

Angel of Death at Kiln

The Angel of Death has again invaded the garden of children and plucked from its realms one of the choicest blossoms. On Thursday, February 6, 1930, at King's Daughters hospital, Gulfport, the spirit of Doris May Moran, aged 4 years, 6 months and 16 days, was waited above, following an illness of some time.

The unusually bright and beautiful child of Mr. and Mrs. S. S. Moran, prominent residents of the Kiln, had been ill for quite a while and all that was required was attention and tender solicitude could do was exerted in its behalf.

Doris May was the second of a family of four children and was loved for her sunny and endearing disposition and her taking away has left crushed hearts and a vacancy in a happy home that cannot be filled.

The funeral took place at the Kiln Friday and the large attendance and many floral offerings well attested the affection in which the deceased was held and manifest the widespread sympathy felt for the bereaved family.

APPOINT COMMITTEES FOR COUNTY MEETING

Mrs. C. C. McDonald, Hancock county chairman of the Parent Teachers Association, announces committees for the county convention which is to be held at the Central high school, Saturday, March 8.

Committee to assist Miss Rebecca Nelson and her classes in preparing the luncheon includes: Mrs. E. S. Drake, Mrs. James A. Evans and Mrs. Henry Osinach. The reception committee to greet the delegates is: Prof. S. J. Ingram, Mrs. C. M. Shipp, Miss Helen Vaughn and Mrs. George Bernard.

The committee to work with Mrs. McDonald in planning the program is: Miss Mabel Burns and Mrs. Fred Wright.

These committees were named in conference with Mrs. James A. Evans, president of the hostess association.

FARMERS MEET AT KILN THURSDAY

A meeting of farmers of Hancock county who are interested in planting cucumber acreage for the American Pickl factory at Wiggins, was held Thursday night of this week at Kiln.

Prof. E. E. Lumpkin, agriculturist at the school making arrangements for the meeting in cooperation with Geo. Rea of Bay St. Louis, president of the Chamber of Commerce, representing the C. O. C. which is fostering the meet. J. J. Coleman, Wiggins, acreage department manager from the pickl factory, addressed the farmers explaining the plan.

LOGTOWN P. T. A. MEETING THURSDAY

The Logtown Parent-Teachers Association held a night meeting, Thursday night, February 13, at which Mrs. A. E. Favre of Gulfport, district chairman, Mrs. C. C. McDonald of Bay St. Louis, county chairman, and Mrs. C. C. Clark of Bay St. Louis were special guests. Mrs. Favre and Mrs. Clark spoke on the program.

Mrs. Clark's subject dealt with the Home's Responsibility Toward Educating the Child.

The Bay Music Store, Masonic Temple, is featuring in our advertising columns the famous Victor radio and will place one in your home on trial free of charge. The Victor is rated as one of the best and is worthy of a trial. Mr. Temple invites the public to his place of business for a free demonstration.

Mrs. H. U. Canty, who has been ill for quite a while at her home in Uman avenue, was conveyed to the King's Daughters Hospital, Gulfport, Tuesday afternoon, where her condition at this writing remains undetermined. Her temperature registering at times as high as over 105°. However, with the splendid attention, many friends of the family look for her speedy and permanent recovery.

Miss Irene Canty, daughter away at school at Columbia, was called home last week and is at her mother's bedside, while Mr. Canty makes daily trips to and fro.

RIGOLETS STANISLAUS BRIDGE TO COLLEGE OPEN APR. 1 ECHOES

Louisiana Highway Department Announces Opening of Highway Free Bridge To Bay St. Louis.

The free Rigolets bridge constructed by the Louisiana Highway Commission will be completed and open to traffic by April 1, it was announced Wednesday by Governor Huey P. Long.

Clear weather, Governor Long said, has made possible the speeding up of highway construction, and satisfaction is being made on the Chief Menteur-Rigolets highway. "While the paving of the Chief Rigolets highway will not be completed by April 1," Governor Long said, "the Rigolets bridge will be opened to traffic by that time, and it will not be much later when the paving of the highway is finished."

Completion of the long auto bridge over Rigolets waters, between New Orleans and the Bay, Waveland district, Mississippi Gulf Coast, is of much significance to this section and will prove a tremendous factor in the popularity and prosperity of our people, to say nothing of the mutual pleasure afforded to both sides of the Louisiana-Mississippi line. This moves the last of ferries and will eliminate the use of the toll bridge over Lake Pontchartrain owned by private enterprise. Completion of Rigolets means the forging of another link in the air-line between the two sections.

SPONSOR FOR RUE FELICITE DIES AT AGE RICH IN YEARS

Victoire Felicite Neolet Rochon died on Tuesday, last week, at her home in Weber street, as a result of senile debility. Her exact age is not known but those who knew the family and older residents say she was well up in her eighties and high to the 90th goal.

The funeral took place the following day in Cedar Rest cemetery and among the few surviving relatives in attendance was Edmond Neolet, a brother, residing in the Delisle vicinity.

Felicite street, in Bay St. Louis, was named for Felicite Rochon. This street was given to the municipality some twenty odd years since by John Rochon from his vast estate in that section of the city at the time, and the one condition of the gift was that the street would be named accordingly.

John Rochon was considered wealthy, according to the measure of worldly goods in those days of over a century ago; owner of a vast tract of land, some marsh and much of which was timbered. But with the passing years this parcel of worldly goods drifted away and finally Felicite Rochon, in her extremely old age, worked some and was dependent on the efforts of a grateful adopted child. She was an interesting character and Maurice Thompson, novelist, made her the subjects of one of his books.

STANDARD OIL CO HEAVY ADVERTISERS

The Standard Oil Company, believing in their product, "Crown" gasoline and their kerosene, are heavy advertisers and have pinned their faith both to their gas and newspaper advertising to sell to the public.

Standard Oil has contracted with The Sea Coast Echo and other newspapers for considerable advertising for this season and from time to time their readers will be kept posted. It pays to read the newspaper advertisements. And remember, The Echo covers Hancock County like the dew.

MISSIONARY SOCIETY

The regular monthly meeting of the Woman's Missionary Society of the First Methodist church will be held Tuesday, February 18, 3 o'clock. The Answer with Mrs. John Osinach and Mrs. Henry Osinach. The principal paper of the program will be given by Mrs. Porter Barnes.

—Mr. and Mrs. E. J. Gex and daughter, Miss Laurin, were visitors to New Orleans Wednesday for the day.

—Mrs. Charles A. Breath had as her house guest during the week Miss Edna Brandao, of Montclair, New Jersey, formerly of Bay St. Louis. Miss Brandao is South visiting relatives in New Orleans.

—Bro. Peter, president, St. Stanislaus College, returned home from Chicago a few days since where he went as a member of the Board of Directors of the National Catholic basketball tournament organization, the annual event to be held in Chicago this spring and in which St. Stanislaus will participate.

—Rupert D. Wentworth, spending seven months at Los Angeles, California, arrived in Bay St. Louis during the week and after a brief stay with relatives continued his journey to Kettlesburg to visit his parents.

—Mr. Wentworth was in the offices of Barker Bros., biggest furniture and art dealers West, and while he liked his position the lure of home and old friends was greater than all that is compelling in the land of the Pacific.

—Indications point to a record-breaking crowd of visitors in New Orleans during the carnival season, and many of them will make side trips to the Gulf Coast. In this connection, have you thought of the bad impression which will be made upon the mind of some of the strangers who may happen to visit Bay St. Louis and view your premises if it presents untidy appearance? So get busy and clean up your yard if it needs it?

The Stanislaus basketball team is still undefeated. Last week end the Springhill Varsity fell before their attack with the largest score to date. The Rocks continue to improve with every game. The passwork again stood out. The Mobile Badgers were at a loss on many occasions as to how the ball was able to get to the basket so fast. They almost forgot they beat us last year. Tuesday Stanislaus will hop a train for New Orleans to take on the Tulane five, and here's hoping we are returned the winner.

The box score:

Stanislaus	FG.	F.	FG.
Stanislaus	4	2	4

We Wonder Why—
Brant likes the "goat"?
James is called the mailman?
Buster is called "Tarzan"?
Who Buster received the telegram from?

Sullivan loves Berye.
Falgot does not won't the "goat" on his desk?
Wallace has to clean the study hall?
Willie Wolf went out for basketball Tuesday?

Jocko was so nervous Sunday (A. M. B.)
Richard was taken out of the game Tuesday night?
Wittman is called "Flag Pole Joe"?
The goat likes bill Foster?

Giaratano has ants?
Slade was so vexed at his brother?
Gremillion is reducing?
LeBoeuf thinks he's being slighted.
Red is such a brute.
H. Andrade is called peanut?

Wouldn't It Surprise You?
Trepani had his name in the "Echo."
Archie could dance.
Stakelum tried to make some one jealous.
Brozead could get his notes in on time.
Walsh could pass a day without crying.
If Carriere had a clean face.

Juniors.
The Junior Basket ball team will play a preliminary game Sunday against St. Anthony of New Orleans. In their last encounter with Pass Christian they more than gave a good account of themselves and we are sure the N. O. team will not be able to stop Kidd, Smyth, Dam, Garcia, and B. Hayden.

There were no games in the league this week owing to the Junior "varsity" using the court.

Monday night the 125 and 135 teams took over the Kiln varsity and second teams respectively. The Kiln seconds had such good eyes that few shots were missed. The end of the frocs showed the little fellows on the long end of the 20 to 16 score.

The second game was a nip and tuck affair with Kiln having the edge for most of the game due to their height. Good shooting by Bentemps and Guenot put the 135's on the winning list with a 26 to 24 score.

Chance For Aspiring Globetrotter.
We have recently received a communication from an old widow woman who is anxious to be accompanied by a young College man, remissably dumb—or at least in the 3rd or 4th year high on a cook's tour of the Coast. This is an unparalleled opportunity for inspecting all the kitchens of the elite from the inside. All expenses charged, etc.

A Thursday at Stanislaus.
Boys hurrying to breakfast. Every one talking, every one happy—no school today—a glance at the morning paper, mostly Ella Cinders and Tarzan.

The workmen have commenced another day on the new building. This holds several boys enroute from dining room. Strange how some one else working has a fascination for us. We almost count the strokes of the hammer. We wonder how the men hear each other with the various noises, concrete mixer, wheel barrows, hammers and shovels.

Mail calling claims every one. All ways a chance that some one may write. A pink or blue envelope calls for a yell. S. W. A. K. on back of the letter brings out a groan (?) from the recipient. Every one looks in side the envelope very carefully—yes, you guessed it—to see if another note had not been added; one

of Uncle Sam's notes.
Basketball practice in gym—games in the yard—pool room doing thriving business—Study hall occupied by letter writers—others catching up on school work—over in the corner a card game is in progress. In another corner a small bunch are gazing wide-eyed at some tale told by one with a good line.

Dinner comes as per schedule. To hear them talk a stranger would wonder when eating takes place. Then an hour or two of lolling about. Some one starts a game of handball. It is nearly four thirty and that means town for an hour.

A stroll into town. A pleasant meeting. We hear some other voices, sometimes pleasant and others we recall our nursery days.

Study hall time slips on us most unexpectedly and we wonder where the day has gone. Assignments to be written up, lessons to be covered, we are again back to the maze of school work.

Next Saturday and Sunday, in New Orleans, a convention is to be held by all the southern schools which have organized a society dedicated to our Blessed Lady.

St. Stanislaus will send representatives to this Convention and we are praying it will be a success.

At this convention there will be representatives from about forty or fifty of our southern Catholic schools. It is in deed wonderful to see that so many of our Catholic boys and girls are willing to take an active part in the veneration and service of the Blessed Virgin. Let us all hope it will be a huge success.

At our last regular weekly meeting the entire society participated in songs, the music for them being furnished by Lloyd LeBoeuf.

John O'Brien, chairman of the Mission Committee proposed that a small pamphlet would be approximately five cents.

LaCoeur addressed the boys and his talk was an extremely interesting one being devoted to the subject of frequent Communion.

Bro. Edmund spoke to the Sodality, dealing with the organization known as the "Knights of the Blessed Sacrament." He recommended that more of the boys join this laudable organization.

CARD OF THANKS
We, the parents of Doris May Moran, wish to express our thanks and appreciation through the columns of The Sea Coast Echo on the occasion of her bereavement. To one and all who were with us, the relatives and friends who were unceasing in their solicitations, we wish to acknowledge our gratitude. It is in time of stress one most needs the warmth of sincerity and touch of human kindness and during the illness and subsequent death of our loved little one it was noted how everyone were with us and in a most heartfelt manner.

Thanking one and all and expressing our gratitude, we remain,
Very sincerely,
MR. AND MRS. S. S. MORAN.
Kiln, Miss., Feb. 10, 1930.
